

FIBER SHIELD™

FSNR

NO-ROLL LAMINATE SYSTEM

FIBER SHIELD™ bulk no-roll, laminate system (FSNR) is a patented fiber-filled polyester-blend no-roll laminate that is designed for use in production lamination facilities that demand fast, high quality output. Sprayed as a chopped laminate with fiberglass, it provides very fast process times and creates a high quality part every time. By eliminating rolling, labor is greatly reduced.

FSNR is packaged with specially formulated resin in a supplied, 55-gallon drum, together with patented and preblended additives.

- **Skin Coat Recommended**
- **Greatly reduces labor and production times**
- **Low VOC mixture/MACT compliant**
- **Forgiving and easy to use**

SPECIFICATIONS

Polyester/Blend Resin Base
24% Styrene
10.5 lbs. per gallon
5-7 minutes for cup gel (100 gm. mass @ 77° F.)
20-30 Barcol development within 60 minutes
1.5% MEKP required
